About Me

As a highly motivated front-end developer, I am genuinely passionate about learning and creating user-friendly interfaces. My ability to work both independently and collaboratively enables me to deliver high-quality projects within budget and on time. Continuously seeking opportunities to enhance my skills and knowledge, I regularly peruse articles and tutorials that can benefit my personal and professional growth.

Experience

No work experience yet

Education

2025
Mansoura University
bacholer

In 2021, I enrolled in the Faculty of Specific Education at Mansoura University to pursue my studies in Computer Science, with an expected graduation date of 2025.

2023
CS50
undergraduate course

In 2023, I completed the CS50 course, which significantly enhanced my programming skills.
